

## **FOOD PROGRAM**

### **Meals and Snacks**

The Center follows the Child and Adult Care Food Program (CACFP) of the U.S. Department of Agriculture. We provide breakfast, lunch and an afternoon snack. We encourage family style meal service as much as possible. Our meals consist of meats, fruits and vegetables, bread, with whole or 1% milk. Staff, who encourage conversation and teach proper table manners, supervise all meals and snacks. Teachers also stress the importance of hand washing and food safety. Water is regularly offered to the children and is available at any time upon request. Water will be available to all preschool and school age children through a self-serve station.

Infants are also a part of this food program. The Center provides any locally available Iron Fortified Infant Formula the family chooses. As children grow, baby food, milk and solid food will be provided according to the USDA food program guidelines.

Children are not to bring food to the Center. Exceptions will be made for medical reasons, religious reasons, and commercially prepared food used for treats and/or birthday parties. Please consult your child's teacher if you will be bringing treats for the classroom to determine the number you will need to bring for the children.

### **Food Allergy Information**

Food allergies and food intolerances should be communicated by the child's parents and supported by a signed physician statement. Foods that cause allergic reactions can be eliminated from the diet.

### **Reimbursement from State of Minnesota**

Once a year, families are asked to complete a confidential household income statement to help determine reimbursement rates for the following year. Your participation is greatly appreciated.
